

# Fit Friends

## June 21 to Aug 2 2010

This is a 6 week summer program for children with low tone, decreased strength, coordination difficulties, and sensory processing differences focused on increasing strength, improving coordination, and developing healthy habits. Sessions will provide opportunities for learning and participating in a variety of team and individual sports in a fun and encouraging atmosphere. This is a great opportunity for developing skills and increasing activity in an environment where kids can be successful and make new friends.
